Scoring

Emphasis is placed on performance of the drill, **NOT** on uniforms, tack, or matching of horses. Please note: horses' muzzles and whiskers do NOT need to be trimmed. Neat and tidy is all that is required.

Execution of Drill: Most important is alignment, spacing, timing & coordination. Are the lines straight, circles evenly round and spacing consistent? Was the timing coordinated, or haphazard? Does the drill look solid, planned, and smooth?

Originality, Variety, and Attractiveness of Patterns: Were original and varied patterns used and presented well? Are there different groups of riders, leaders, approaches and exits of maneuvers?

Spectacularity and Crowd Appeal: Was the drill designed to please an audience in its tempo, maneuver placement, flag usage and overall energy? Highly rated in the Freestyle.

Degree of Difficulty: more difficult routines with complex maneuvers receive more credit than a simpler routine with easier maneuvers and more set-ups, etc.

Performance and Manners of Horses: Were they well-mannered, did they maintain the proper gait?

Theme, Costume & Flags: Awarding points for any props or special costuming. Flags are always valued when carried properly. Costuming is highly rated in the Quad and Theme divisions.
